

# MACal 9800 Pro

**Premium quality marking film** specially designed for high-performance permanent marking applications. Now available in **16 new references** inspired by the Mondrian palette, including 4 High-Tack and 2 Bubble-Free grades. In addition, the **Colour Matching Service** for the MACal 9800 range has been improved. The minimum quantity for colour matching is now 15 reels (except for Bubble-Free and High-Tack grades).

**16 NEW  
REFERENCES**

## Advantages:

- fl **Premium quality marking film** with bright, opaque and long-lasting colours thanks to high quality pigments and a solvent adhesive formulation avoiding colour fading, cracks, edge-lifting, shrinkage etc.
- fl **16 new inspiring colours** added to existing range of **100** high gloss colours
  - 4 High-Tack grades: Black and White matt and gloss
  - 2 Bubble-Free grades: Black and White gloss
  - 6 new matt, 1 gloss and 3 metallic colours
- fl Trouble-free **cutting and weeding** even of small letters thanks to perfectly controlled release
- fl Efficient weeding of white films thanks to blue **contrast liner**
- fl Very good **adhesion** on flat and curved surfaces
- fl **Improved Colour Matching Service**: now available at lower order volumes
- fl **Easy removal with no residue** thanks to special production process
- fl **Very low shrinkage** thanks to a very cohesive adhesive formulation: no dirt around the edges
- fl **Solid references**: Caterpillar, JCB, Microsoft, DIR, Fraikin, De Poste NL, SNCF•

# MACal 9800 Pro

## Durability:

**10 years** (black and white)  
**8 years** (colours)  
**5 years** (metallic colours)

## Applications:

MACal 9800 Pro is specially designed for long-term vehicle marking, window graphics, decorative & signage panels, and other branding purposes.

## Technical characteristics:

- fl 66µm flexible polymeric vinyl
- fl High-performance permanent adhesive
- fl Fire rating: M1, Euroclass EN13501-1 (Cs1D0) and in compliance with the REACH regulation

## Improved Colour Matching Service:

Many projects in the graphics industry require bespoke colours that either match the brand design or the project specifications. Mactac is able to perfectly match almost any colour you need with an easy process:

- fl simply send us a sample of the required colour (RAL reference can also be used)
- fl in 2 weeks time, you'll receive the colour match sample for approval
- fl your colour can be produced in a few weeks time with a minimum order quantity that has been decreased to 15 rolls (with price premium)

Contact your local Mactac Sales Office for more information!
